

The diagram illustrates the connection of a cable to a power supply unit (PSU) and a motherboard. The PSU has a 24-pin ATX connector (labeled 'v' and 'o') and a 4-pin D-sub connector (labeled 'Liittyy Vihikadun sivujojaan'). The motherboard has a 24-pin ATX connector (labeled 'Liittyy Luttoskadun sivujojaan') and a 4-pin D-sub connector (labeled 'Liittyy pl600 sivujojaan (o)'). The diagram shows the cable connecting the PSU's 24-pin connector to the motherboard's 24-pin connector, and the PSU's 4-pin connector to the motherboard's 4-pin connector.
